

Babson College, Babson Skating Center
Wellesley, MA
Rink Operator (Zamboni Driver)

Reports to: General Manager, Babson Skating Center

Job Summary: The Rink Operator is responsible for ice maintenance and assisting with facility operations including general maintenance and customer service. Primarily responsible for safe operation of the Zamboni and ice maintenance equipment to ensure delivery of a high quality ice surface for hockey, figure skating, public, and private events. Also responsible for general cleaning and maintenance of vehicles, equipment, and rink property, as well as customer service duties as needed for the safe and efficient operation of the skating center.

Key Responsibilities:

- Drives and operates Zamboni according to established procedures and safety guidelines, including only operating Zamboni when safe and when the ice surface is cleared of all skaters except necessary officials, staff and/or personnel.
 - Evaluates ice conditions, equipment, and facility before, during, and at end of scheduled shift and completes daily checklists as required by management, and reports and concerns, hazards or issues to management in a timely manner.
 - Resurfaces ice and performs edging or other ice maintenance as scheduled to ensure proper ice conditions while adhering to published ice schedule.
 - Performs customer service duties including but not limited to pro shop sales, ticket window sales, skate sharpening, distributing rental skates, and assisting with set up/tear down for internal and external groups/events.
 - Assists with general maintenance and cleaning of facility and rink property including: emptying and relining trash receptacles, sweeping and vacuuming floors and other areas (locker rooms, bench and bleacher areas) as needed.
 - Assists in the general maintenance of the skating center grounds and property, including snow removal from walkways, stairs, doorways, Zamboni bay, and as assigned, as well as operates various cleaning and snow removal equipment/machinery.
 - Assists with game management for Babson College Varsity hockey, Babson Club hockey, youth hockey, adult hockey and other games as needed.
 - Assists with the maintenance of the Zamboni, and other rink equipment. - Assists and supports the efforts of rink management.
 - Assumes additional responsibilities and duties as required.
- Education Requirements: Minimum Level of Education Required High School Diploma; Some college preferred

Position Knowledge/Skills & Abilities Requirements:

- Ice resurfacing experience preferred but not required
- Experience operating an ice edger
- Ability to perform vehicle maintenance
- Ability to work independently
- Ability to travel on and off campus
- Ability to work early mornings, late evenings, and weekends
- Heavy lifting required (75 lbs and over)

Working Conditions:

- Flexible availability including early mornings, late evenings, and weekends.
- Must have had a valid unrestricted U.S. Driver's License for one year, and maintain throughout employment an insurable (as determined by the College's insurer's criteria) or a satisfactory driving record; must successfully complete and pass the College's vehicle training program within the first 60 days of employment; annual or more frequent review of employee's driving record based on the College insurer's criteria; and safety training as required by management.
