## ZAMBONI<sup>®</sup> CONNECT<sup>™</sup>

### A NEW PARTNER IN RINK MANAGEMENT

Technology helps me educate and inform my team.  
Data helps us see where we can drive costs down.

As everyone knows, ice rink operation is not inexpensive. If we can use Zamboni Connect to reduce our consumption of resources or get out in front of show-stopping issues, that's a win for us.

# Sports and Entertainment – Ice Rinks

As a managing general underwriter, we work on behalf of top-rated insurance carriers to create risk management programs that meet the needs of unique market segments, such as ice rinks. We have more than 30 years of experience helping organizations like yours maximize protection, reduce liability, and manage costs.

## Our Goal: Your Protection

We have the delegated authority to underwrite, quote, and efficiently issue your policy — all under one roof. Our program, designed specifically for ice rinks, includes coverage for:

- General liability
- Building and property, including equipment breakdown with underground pipe coverage
- Participant liability
- Pollution liability
- Professional liability
- Excess liability
- Workers' compensation
- Automobile
- Sexual abuse and molestation

## Keeping Your Business Running

In addition to insurance, we provide services that help manage your exposure to risk. Our team includes underwriters, account managers, actuaries, claims adjusters, risk managers, and others — all dedicated to ice rinks concerns.

When it comes to risk management, we know what steps to take. We help ensure the safety of your rink by evaluating

your use of sprinklers, protective netting, and other measures. We also take a proactive and detailed approach to helping manage your operational risk.

- Do your tickets have the right clauses for assumption of risk?
- What kind of verbiage is in your user group contracts?
- Is your signage effective?

We draw from our extensive industry knowledge to help manage your liability. If you have a claim, you won't have to explain your business to a third-party adjuster or insurance generalist. Instead, you'll work with our in-house claims professionals who are committed to your industry. We'll manage your claim from initial filing through resolution.

In everything we do, we strive to provide broad, cost-effective protection — long term. You can have confidence that we'll be here when you need us most.
